

SOME TROUBLE OVER SEWER THROUGH PARK

CITY COUNCIL NOT HAVING
EASY SAILING TO REMEDY
DEFECTS CAUSED BY
THE DREDGE.

WORK LAST SESSION

Petitions Grant'd; Repts Filed.
Garbage Question Considered and
Many Minor Matters Act'd
On.

While the city council meeting of Monday night did not act upon a large number of matters, the discussions and things done were of considerable importance to the city.

One of the things which is giving the council some trouble is the objections met with in the construction of the sewer through the Magnetic park from the old race to the river. The Zehners are making objections and demanding damages. City Attorney Hess had a conference with the owners and the best proposition he could get on a peaceable adjustment of the matter was a payment of \$25 damages by the city for crossing the park. The council refused to accept such a proposition and will begin condemnation proceedings at once to make a way for the sewer. The matter is one which should not be delayed and the members regret that any objection has been made to the improvement.

Engineer English submitted plans and specifications for the sewer and they were approved by the council.

J. R. Losey was permitted to use 10 feet of Garro street for depositing of building material while building his new house.

The petition of Wm. D. and Minnie Reiter to tap the sewer on Pearl street for their new home, was granted.

P. Reed was appointed a special policeman to serve without pay for the period of one week.

Give \$150 for Band.

The council appropriated \$150 to help pay for the band concerts being given this summer.

Ordinance No. 401, making it an offense punishable by fine for opening the exhaust of automobiles or motorcycles within the corporate limits of the city, was passed. This ordinance will affect all users of autos and motors. It provides as follows:

Sec. 1. Be it ordained by the Common Council of the City of Plymouth, Indiana, That it shall be unlawful for any person to ride or propel any vehicle propelled by a gasoline or oil engine, within the limits of the City of Plymouth, Indiana, without such vehicle is provided with a proper and suitable muffler that will deaden or dull the sound of the explosions from the exhaust attached to such vehicle.

Sec. 2. It shall be unlawful for any person while riding or propelling any vehicle propelled by a gasoline or oil engine within the corporate limits of the City of Plymouth, Indiana, to open any cut-off attached to such vehicle propelled by a gasoline or oil engine.

Sec. 3. Any person violating any of the provisions of sections one and two of this ordinance shall be fined for each offense in any sum not more than ten dollars.

Sec. 4. This ordinance shall be in force from and after its passage and approval by the Mayor of said City and publication, once each week, for two consecutive weeks, in Daily Republican a newspaper of general circulation printed and published in the City of Plymouth, Indiana.

A resolution was passed offering a reward of \$25 for information leading to the arrest and conviction of anyone stealing any property belonging to the city.

Ordinance No. 400, providing for the regulation of the sale of coal and other fuel was not acted on.

The garbage question was discussed but no action was taken on it.

In order to shorten the meetings the members jokingly resolved that they would have Councilman Swindell read the minutes hereafter. Clerk Shakes would like to have a typewriter to enter the city records. It takes him too long to read the minutes and a typewriter would make a neater record.

ARRESTED ON CHARGE OF ABANDONMENT

Adam York Taken Into Custody By Marshal Jacoby on Telegram From Superintendent of Police of Detroit, For Desertion.

Saturday Marshal Jacoby arrested Adam York, son of Simon York, on the streets of Plymouth and lodged him in the county jail. The arrest was made on the strength of the following telegram received from Detroit, Mich., July 18, 1911.

Chief of Police, Plymouth, Ind.

I hold warrant charge abandonment for Adam York supposed to be stopping with his father 300 Charles st. your city. Description 28, 5 ft. 5, 130 lbs. dark complexion, black hair. Arrest. hold and wire at my expense.

John J. Downey, Supt. Police.

Mr. York did not say much when he was arrested, but remarked that he had had some trouble in the family and was expecting this. He has a wife and two children, and has made his home in Detroit for the past four years. He married a Saginaw, Mich., girl and they are having trouble in getting along together.

The Chief of Police or a deputy is expected to come and take Mr. York back to Detroit soon. Mr. York arrived here last night. Marshal Jacoby telegraphed the fact of the arrest at once.

Takes York to Detroit.

Policeman Ames J. Kunkel of Detroit came to Plymouth Saturday and took Adam York back with him to that city on the evening train. At first Mr. York refused to go, and demanded that requisition papers be obtained first, but at length he concluded to go without further action of the officers. He was told that it would be only a question of time when he would have to go anyway, so he concluded to give himself up and go without requisition papers. It is said by some that Governor Marshall would not issue papers in such a case and that York could not have been taken, had he desired to stay.

COTTAGE FOR THE CHILDREN IS COMPLETED

MISS FLORENCE FROUTY NOW
HAS FINE SUMMER HOME
FOR LITTLE CRIPPLES
AT TWIN LAKES.

COST IS ABOUT \$1500

Building is 24x100 Feet in Size and is Located Along the Vandalia in the Woods.

Miss Florence Prouty of Chicago has completed at Twin Lakes her cottage for the crippled children of Chicago. The building is 24x100 ft. in size and is located on the west side of the Vandalia tracks and on the north side of the lake, in the pretty little wood between the east and west road, the lake and the railroad.

The cottage was built by contract or W. S. Robinson of Plymouth, and will cost about \$1500. It is one story with a paper roof. On one end is a porch 10 feet wide and on the other end and one side are porches seven feet wide. There are three rooms, kitchen, dining room and bath room. Many of the children will sleep in tents outside the building.

The ground on which this building was erected was leased by Miss Prouty from J. W. Nichols for a term of five years.

Miss Prouty expects to come to Twin Lakes Thursday of this week with about forty children, and no

doubt they will have a wonderfully delightful outing at their new summer cottage. Miss Prouty is doing a great work for the crippled children of Chicago by giving them these summer recreations. It was hard for her to find a suitable place to take them, but last summer she was given one of James R. Doty's cards telling of his resort at Twin Lakes. She decided that this was just the place, and came here and camped in tents. Having succeeded in leasing the ground of Mr. Nichols, she built the cottage and now will have a permanent place to bring the children each summer.

Farewell Party Given.

The "As You Like It Club" were entertained Monday evening by Miss Delpha Zumbach, on north Michigan street. The party was given as a farewell to the Misses Bessie Jacoby and Ruth Lineberry, both of whom will leave the latter part of the week for a few weeks visit with relatives at Laporte and other places. Those who attended the party were: The Misses Ruth Lineberry, Bessie Jacoby, Ruth Salt, Ruth Beyeler, Vernal Conger, Grace Berlin, Lottie Conger, Edna Switzer, and the Messrs. Gus Kuhn, Lloyd Zumbach, Raymond Gear, Otto Krueyer, Roscoe Lee, Marc and Albertus Lauer, Otto Robbins, Glen Tuttle and Fred Troutman.

The evening was spent in games and contests. In the contest game Bessie Jacoby won first prize and Edna Switzer the "booby" prize. Refreshments were served and all present reported a splendid time.

Beginners Class Party.

Fifteen members of the Beginners class of the Primary Department of the Methodist Sunday school enjoyed themselves at a party Tuesday afternoon at the home of their teacher, Mrs. Ira Garm, on south Michigan street. They had a fine time playing from four to six o'clock. At five they had supper, made up from what they had brought, and some dainties furnished by the teacher.

BOUGHT A BIG FARM.

Congressman H. A. Barnhart is Now Owner of Davidson Lands Near Rochester.

A deal was closed Saturday, where by Congressman H. A. Barnhart becomes owner of the William David-

son farm, one and one-half mile northwest of Rochester, consisting of 200 acres, part of it belonging to Chas. Fought, the remainder to the Davidson heirs, the consideration being \$7,000.

At one time during the life of the late William Davidson, this farm was considered one of the best in the county, but was allowed to deteriorate in many respects through inability of the heirs to properly cultivate it, etc.

The new proprietor will more than

likely make the necessary improvements, and bring it back to its former state of productiveness.

Mr. Barnhart is to be congratulated on being able to secure a property so favorably situated also that Uncle Sam has made it possible for him to keep the wolf from the door when old age creeps on, while other newspaper men will be wondering how to make all ends meet.

The game of politics is good to the fellow who wins out, for it puts more and better grease on the wheel than any other game played in
